SUMMARY

I'm a designer who solve problems with empathy. My goal is to listen, learn, and experience people's frustrations. I'm excited to learn new technologies and tools to continuously bring people together.

PROJECTS

virtBox

Web Prototype | <https://www.tristine.design/project1.html>

Developed a desktop cloud storage application designed for online learners.

Used Figma, Draw.io, and Balsamiq to build wireframes, mockups, and branding guidelines.

Used InVision and UsabilityHub to create prototype and user testing.

TNRHumane

Android Mobile App | <https://www.tristine.design/project2.html>

Developed an Android mobile app that partnered with animal organizations to help humanely reduce homeless cat overpopulation while supporting local colony caretakers.

Used Figma and Draw.io to build wireframes, mockups, and branding guidelines.

Used InVision, UsabilityHub, and Maze to create prototype and user testing.

EXPERIENCE

GreenSky LLC

UI/UX Intern | March 2019 - Present

Developed a simple and intuitive marketing style guide for other departments to use as a reference.

Developed InVision prototypes for demos.

Performed UX audit for outdated company sites.

USF College of Engineering

Procurement Card Verifier | January 2016 - March 2019

Executed daily bank statement examinations and submissions.
