SUMMARY

I'm a designer who solve problems with empathy. My goal is to listen, learn, and experience people's frustrations. I'm excited to learn new technologies and tools to continuously bring people together.

PROJECTS

virtBox

Web Prototype | <http://tristine.design/project1.html>

Developed a desktop cloud storage application designed for online learners.

Used Figma, Draw.io, and Balsamiq to build wireframes, mockups, and branding guidelines.

Used InVision and UsabilityHub to create prototype and user testing.

TNRHumane

Android Mobile App | <http://tristine.design/project2.html>

Developed an Android mobile app that partnered with animal organizations to help humanely reduce homeless cat overpopulation while supporting local colony caretakers.

Used Figma and Draw.io to build wireframes, mockups, and branding guidelines.

Used InVision, UsabilityHub, amd Maze to create prototype and user testing.

EXPERIENCE

USF College of Engineering

Procurement Card Verifier | January 2016 - Present

Executed daily bank statement examinations and submissions to achieve weekly and monthly deadlines.

USF College of Engineering

Office Assistant | July 2013 – December 2015

Worked as front desk receptionist, trainer, and handled confidential document filing.
