SUMMARY
I'm a designer who solve problems with empathy. My goal is to listen, learn, and experience people's frustrations. I'm excited to learn new technologies and tools to continuously bring people together.

PROJECTS
virtBox
WEB PROTOTYPE | http://tristine.design/project1.html
Developed a desktop cloud storage application designed for online learners.

Used Figma, Draw.io, and Balsamiq to build wireframes, mockups, and branding guidelines.

Used InVision and UsabilityHub to create prototype and user testing.

TNRHumane
ANDROID MOBILE APP | http://tristine.design/project2.html
Developed an Android mobile app that partnered with animal organizations to help humanely reduce homeless cat overpopulation while supporting local colony caretakers.

Used Figma and Draw.io to build wireframes, mockups, and branding guidelines.

Used InVision, UsabilityHub, amd Maze to create prototype and user testing.

EXPERIENCE
USF College of Engineering
Procurement Card Verifier | JAN 2016 - PRESENT
Executed daily bank statement examinations and submissions to achieve weekly and monthly deadlines.

USF College of Engineering
Office Assistant | JUL 2013 – DEC 2015
Worked as front desk receptionist, trainer, and handled confidential document filing.
